AOC Partners with Twentieth Century Fox Film to Promote Theatrical Release of 'Kingsman: The Golden Circle'

Malaysia, 7 September 2017: AOC, a global-leader in display technology, has once again partnered with a powerhouse in the global entertainment industry – Twentieth Century Fox Film. AOC has become the official monitor partner of “Kingsman: The Golden Circle”, the long-awaited sequel to the **critically-acclaimed action-adventure** film “Kingsman: The Secret Service” (released in 2014). The official US release date of “Kingsman: Golden Circle” is 21 September 2017, though actual release dates between countries may slightly vary.

AOC, Twentieth Century Fox Film, and Kingsman

AOC has always been dedicated to the pursuit of the next level of visual experiences enhanced by innovative technologies. By partnering with Twentieth Century Fox Film, AOC has engaged viewers in new cinematic adventures through supporting and

promoting films like “X-Men First Class” and “The Martian.”

“Kingsman: The Secret Service” introduced the world to Kingsman – an independent, international intelligence agency operating at the highest level of discretion, whose ultimate goal is to keep the world safe. In “Kingsman: The Golden Circle,” our heroes face a new challenge. When their headquarters are destroyed and the world is held hostage, their journey leads them to the discovery of an allied spy organization in the US called Statesman. In a new adventure that tests the limits of their agents’ strength and wits, these two elite secret organizations band together to defeat a ruthless common enemy to save the world – something that’s becoming a bit of a habit for Eggsy.

AOC is devoted to becoming the go-to, high-tech display solution for users from all walks of life. In the film, the characters use innovative technology as part of their mission to solve world-changing problems, and do it all while fighting in style – making the Kingsman franchise a perfect fit for collaboration with AOC.
